

Intellectual Property Declaration

Project: Agentic Startup Sourcer

Developer: Kerem Yoldaş

Start Date: March 18, 2025

Purpose: Independently developed agentic AI system for startup discovery.

This document certifies that the above-mentioned system and related intellectual property were conceptualized and implemented prior to any contractual engagement with Innovis VC e.V.

All rights, title, and interest in the codebase, architecture, and data processing logic remain solely with the author.

Signed,

Kerem Yoldaş
